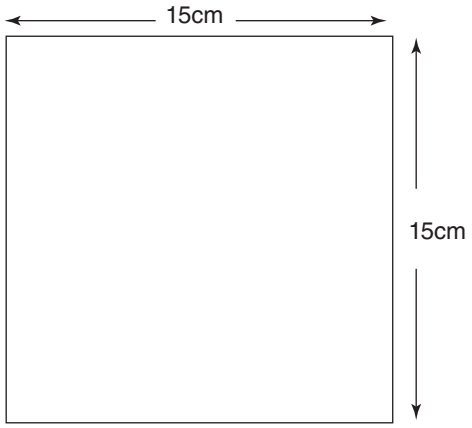
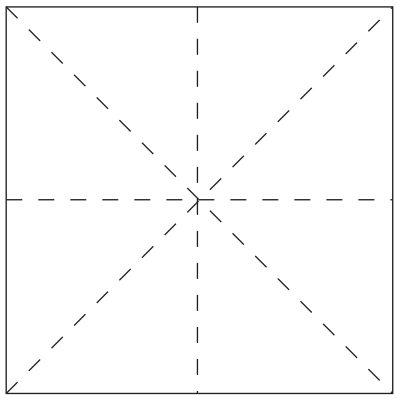
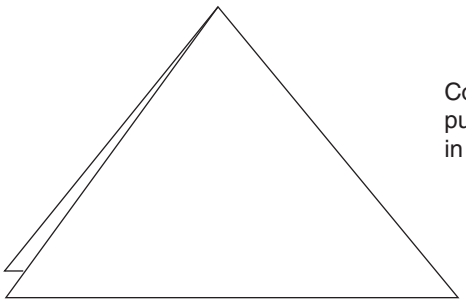
1)



2)

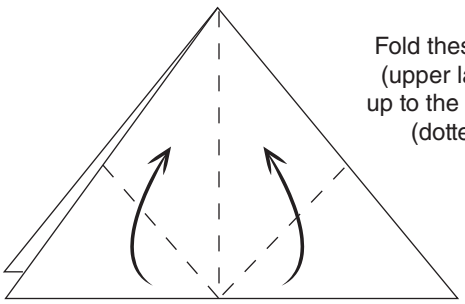


3)

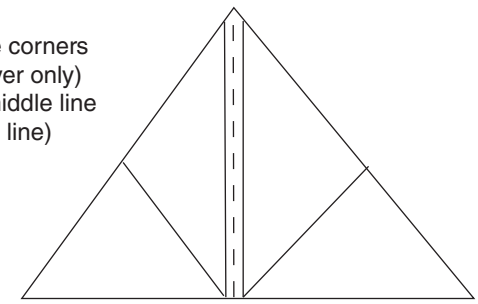


Collapse by folding/ pushing the two sides in to create a triangle

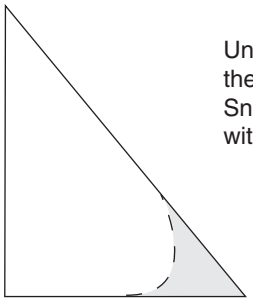
4)



Fold these corners (upper layer only) up to the middle line (dotted line)

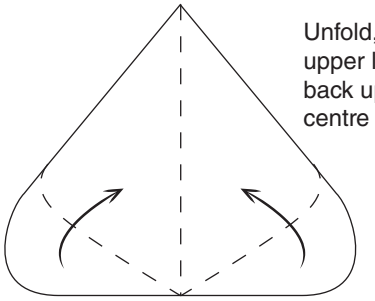


5)



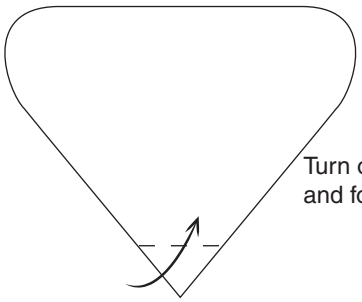
Unfold the points back out again then fold the triangle in half. Snip round off the bottom corner with scissors

6)



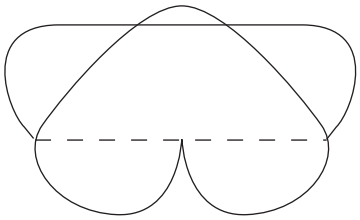
Unfold, and fold the upper layer corners back up to the centre line

7)



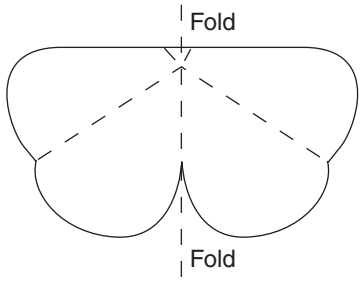
Turn over the complete piece and fold back a small tip

8)



Take the same area (upper layer only) and fold to meet the top line. Tuck tip from stage 7 over the top edge to secure

9)



Turn over and fold the wings in half to ‘pinch’ into shape
