How to make:

- 1 Iron a 1cm then a 1.5cm hem down the two long edges of the linen piece. Pin and stitch. (See Pic A.)
- 2 Iron 1cm then 3cm along the remaining short top and bottom edges of the linen. Pin and stitch, leaving the ends open. This creates a tube channel into which the dowel will thread to hang. (See Pic B.)
- 3 Iron a 1.5cm hem around the sides and bottom of each of the pocket pieces. Iron 1cm then 1.5cm on the remaining top edge

of each pocket piece. Pin and stitch close to the fold. (See Pic C.)

- 4 Cut a piece of paper measuring 9cm square. Fold in half, draw a heart shape then cut out to make a template. (See Pic D.)
- 5 Iron a piece of Bondaweb to the reverse of a 10cm square of pink fabric. Draw around the heart template with a pencil then cut out. (See Pic E.)
- 6 Peel off the backing paper, place the heart centrally on the blue pocket and iron in place. (See Pic F.)

- 9 Trim the excess linen from around the heart. (See Pic I.)
- 10 Iron the long pocket in half so there is a crease in the middle. (See Pic J.)

- 13 Stitch around the sides and bottom of each pocket. Stitch down the ironed crease on the long pocket to create a division.
- 14 Slide the dowel through the channels at the top and bottom of the caddy, then tie ribbon to the top dowels to hang. (See Pic M.)
